Pump Oil on February 18

The 205 mile pipe line of the Produc ers Transportation Co. running through the California oil fields to Port Har ford will be completed on February 15.

This pipe line passes almost along the easterly line of the oil fields of the TEMPLOR RANCH OIL CO, and this company will commence to deliver its entire dally product direct to the pipe line. This will mean the early payment of dividends, and I expect the company will soon be able to pay at the rate of one cent a share monthly It has also been planned to list the stock on the San Francisco Oil Brchange shortly after the company will undoubtedly cause the stock to advance to probably 50c per share, or I have secured and offer a small block of the stock at 39c pe share. It unbesitatingly recommend the purchase of those shares as an investment that should double and quadruple in value. Bear in mind that the investor who reaps the largest profits is the one who invests when the price is low. Compare the stock of the TEMPLOR RANCH OIL CO. with overy oil stock on the market today, and you will surely invest in the shares of this company. Do not delay, but Member Cal. Stock & Oil Exchange. of this company. Do not delay, but send in your order NOW.

P. E. R. STRAUCH, Tel, 445. Room 1, Waity Building
